

### Applications

#### Conventional Inks

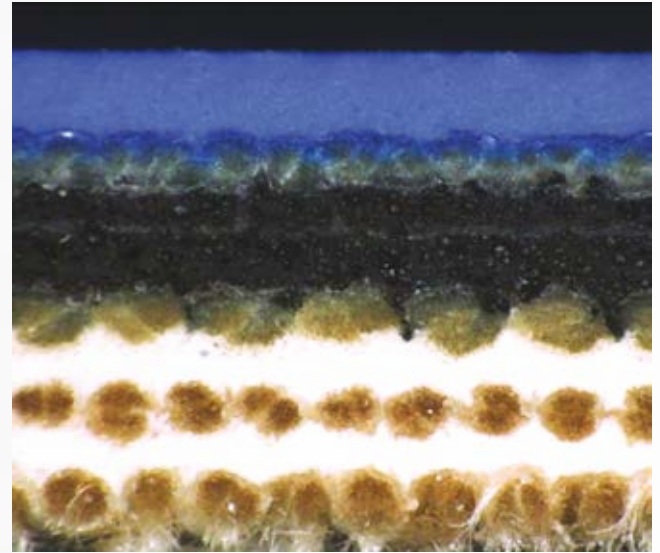

- Newspaper/Cold Web
- Heatset Web

### Features and Benefits

- Superior dot reproduction in mid tones and full solids.
- Resists breaking of the top ply in the event of severe smashes.
- Fits closer to the cylinder gap.
- Bottom fabrics are high tensile, low stretch to ensure a stable carcass.

### Specifications

Color	Blue
Gauge/Ply	.067", .077" /4Ply
Compressibility	Medium
Surface	Semi-Polished
Surface Roughness (Ra)	1.0-1.5µm
Hardness (Shore A)	80-84°
Micro Hardness (Surface)	58-62°
Elongation (%)	< 1.0

### **Blanket Guarantee:**

The DYC/Kinyo manufacturing process guarantees no pinholes, no porosity and uniformity of thickness from blanket to blanket.

The blankets are guaranteed to be talc free, in perfect condition and ready to mount on your press when you receive them. If our blankets do not perform, it will cost you nothing.

Consistent, Superior Quality Guaranteed.
